The ReSpEct philosophy that serves the Châteauforn' mission

Our conviction

«Only a **company** that puts the **human being at heart**, that respects the living and the territories, has **the power to transform our world sustainably and harmoniously.**»
Daniel & Benjamin ABITTAN, added value of warmth entrepreneurs

Our «raison d'être»

«The **Châteauforn' teams** instill their added **value of warmth** into each **interaction** to inspire companies and **enable them to reveal their talents.**»

« We do not want a CSR policy that frames and constrains but rather opt for a ReSpEct Philosophy that inspires, guides and generates initiative. »

Claire Schwartz
Commitment manager

Our three objectives for «wellformance»

Cultivate our humanistic model

Inspire our clients as much as they inspire us

Create encounters that respect people, territories and life
